## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2017 LEGISLATIVE SESSION

## Analysis

SB 14 amends Title 28 by establishing a new chapter, AS 28.23, that will govern the establishment of transportation network companies (TNC), fares, financial responsibility, disclosures, driver requirements, records and definitions. AS 28.23 will also allow insurance companies to exclude coverage of an owner or operator of a personal vehicle for any loss or injury while the driver is logged into a digital network of a transportation network company such as Uber or Lyft. The new chapter will also provide definitions for digital network, personal vehicles, prearranged ride, transportation network company, driver and rider.

DMV is unable to determine if a driver is registered as a TNC driver or logged into a network during a crash. DMV would need to have frequent communication with the TNC to determine what type of insurance coverage was in force in the event of a crash which will place an additional burden on staff. This work will be absorbed with existing staff and DMV is therefore submitting a zero fiscal note.
